Mark's Musings

Many years ago, a young man applied for a job as a Morse Code operator. When he arrived for the interview, he walked into a large, busy office filled with noise, including the clattering sound of the telegraph in the background, and the sight of several other applicants also interviewing. Each one filled out a form and were instructed to be seated until they were summoned into the inner office. But, after a few minutes, the young man suddenly stood up, crossed the room to the door of the inner office, and walked right in. Naturally this got the attention of the other applicants who wondered what was going on. They muttered among themselves that they hadn't heard any summons yet. They assumed that the young man who went into the office made a mistake and would be disqualified.

Within a few minutes, however, the employer escorted the young man out of the office and said to the other applicants, "Gentlemen, thank you very much for coming, but the job has just been filled." The other applicants began grumbling to each other, and one spoke up saying, "Wait a minute, I don't understand. He was the last to come in, and we never even got a chance to be interviewed. Yet he got the job. That's not fair!" The employer explained, "I'm sorry, but the last several minutes while you've been sitting here, the telegraph has been ticking out the following message in Morse Code: 'If you understand this message, then come right in. The job is yours.' The only one of you who heard and understood was this young man. Therefore, the job is his!"

Mark's Musings, continued

The Green Mountain UMC Committee on Lay Leadership has a job for you! It's yours, by grace. We're scheduled to meet this month to begin our nomination process for service opportunities in 2026. If you have a particular interest, gift, grace, skill, or talent that possibly connects with service on any of our fine committees—Finance, Building & Grounds (Trustees), Staff-Parish Relations, various Outreach or Programmatic Ministries, et al—please visit with myself or any other member of our committee (Chuck Thorman, Peggy Morrison, Stacey Cummins, Mary Wylie, and MaryJane Eddie-Scott) whether in-person, or by phone, text or email. Just no Morse Code, please. I'm not sure any of us would even know how to decipher the message!

Food...Friends...Fun!

BY DARLINE BOWLAND, Dinner for 8 Coordinator

I can't believe that the Summer session is about over & I'll be working on the Fall September—December Groups starting the week of AUGUST 24th. This process takes time to do. If you would

like to continue or come back from taking a break (for the summer for instance), or leave DINNER for 8 please let me know. I know of a few who have been gone for the summer I just would like you to confirm that you would like to come back, especially if this was the 1st summer you took a break.

IF YOU ARE NEW to GMUMC...We meet once a month at a local restaurant to dine and socialize. It is a great way to get to know others from our church. Each group has 7 or 8 people; with a mixture of couples, singles and occasionally their children. The Team Leader & members of each group decide what days, times, and places work best for them and set up each dinner together towards the end of your meal. It is a great way to possibly try new cuisines or suggest your favorite & enjoy an evening of fellowship. It seems like new restaurants are always popping up to try.

New groups are formed every four months, giving you the opportunity to get to know more people. If you are interested in trying it out/ joining Dinner for 8 now or you have questions about what we do or how it works contact Darline Bowland at darlinebowland@gmail.com or 303-987-1219 .

Peter's brother, Aaron was the ring man. Kayla's twin sister, Karissa was the maid of honor. Peter and Kayla now live in Littleton. Peter works at an Engineering company in Lakewood. Kayla works as a tax accountant in Lone Tree.

Did You Know?

The church had solar panels put on the roof in 2024, paid for by GMUMC's Permanent Endowment Fund. Then, in March 2025, Xcel Energy put the church "online" so the solar panels are now generating electricity to help reduce our monthly bills.

Here's a comparison for our first three months using solar for electricity with the same time period in 2024:

	<u>2024 Bill</u>	<u>2025 Bill</u>
April	\$977	\$290
May	\$790	\$313
June	<u>\$926</u>	<u>\$141</u>
Total	\$2693	\$744

Difference (Savings!) = \$1949

In addition to the monthly electricity cost being lower, the church will also receive a rebate annually from Xcel for several years, and a large one-time rebate from the federal government in 2026.

Trustees will continue to monitor the solar performance.
